Description

Description:
The "Buy Now" button in promotional offers is not working correctly. After clicking the button on any of the promotional offer tiles, the user is redirected to a page with the message "Oops! That page can't be found."

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- None

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Scroll down the page to the product listings
3. Click the "Buy Now" button on any of the promotional offer tiles (e.g., offers up to 50% off)

Actual Result:
The user is redirected to a page with the message: "Oops! That page can't be found." This issue occurs on every tile, regardless of the web browser.

Expected Result:
The user should be redirected to a page with products at promotional prices in the selected category, matching the offer displayed on the tile.

[ST-13] Two Different Tabs in the Navigation Bar Direct to the Same URL
Created: 03/Dec/24 Updated: 03/Dec/24

Status:	To Do
Project:	Skleptest Website
Components:	None
Affects versions:	None
Fix versions:	None

Type:	Bug	**Priority:**	High
Reporter:	MiRGB	**Assignee:**	Larry
Resolution:	Unresolved	**Votes:**	0
Labels:	Technical, Visual		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original estimate:	Not Specified		

Attachments:	🖼 chrome_oCr5YznAUB.png
Rank:	0|i00013:

Description

Description:
The "About Us" and "Contact" tabs in the navigation bar direct to the same URL and are both displayed as active simultaneously.

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- None

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Navigate to the "About Us" or "Contact" tab in the navigation bar

Actual Result:
Both tabs direct to the same URL and are marked as active at the same time. The issue occurs every time, regardless of the web browser.

Expected Result:
The tabs should lead to separate URLs and be marked as active only when the user is currently on that particular page.

[ST-12] PayPal Payment Method Is Not Working Correctly Created: 03/Dec/24 Updated: 03/Dec/24

Description

Description:
When attempting to pay via PayPal, the user receives an error message: "PayPal error (2)."

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- At least one product added to the shopping cart

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Go to the shopping cart page by clicking "My Cart" in the top navigation
3. Click "Checkout with PayPal"

Actual Result:
The following error message is displayed: "PayPal error (2): An error (2) occurred while

processing your PayPal payment. Please contact the store owner for assistance." The issue occurs every time, regardless of the web browser.

Expected Result:
The PayPal payment method should allow the user to make a seamless payment for the order.

[ST-11] Map with Location Is Not Displaying Correctly Created: 03/Dec/24 Updated: 03/Dec/24

Status:	To Do
Project:	Skleptest Website
Components:	None
Affects versions:	None
Fix versions:	None

Type:	Bug	Priority:	Medium

Description

Description:
After navigating to the contact page, instead of the Google map displaying the store's location, only the URL appears, and the map element is not shown.

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- None

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Navigate to the "Contact" tab

Actual Result:
The map does not display on the contact page. Instead, the user sees only the URL of the map element. The issue occurs every time, regardless of page refresh or web browser.

Expected Result:
On the right side of the contact form, a Google map should be displayed, showing the store's address.

[ST-10] Yellow Empty Box Under Incorrectly Filled Contact Form Created: 03/Dec/24 Updated: 03/Dec/24

Status:	To Do
Project:	Skleptest Website
Components:	None
Affects versions:	None
Fix versions:	None

Type:	Bug	**Priority:**	Low

Description

Description:
When attempting to submit the contact form without filling in at least one of the required fields, an empty yellow box appears below the form without any validation message.

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- At least one of the required contact form fields is empty

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Navigate to the "Contact" tab
3. Click the "Send" button below the contact form

Actual Result:
An empty yellow box appears below the contact form without any validation message. The issue occurs regardless of the web browser.

Expected Result:
When attempting to submit the form without filling in the required fields, the user should receive a clear and specific message indicating what needs to be corrected, and no unnecessary elements should appear.

[ST-9] "Shop Now" Button on the Homepage Does Not Work Correctly Created: 03/Dec/24 Updated: 03/Dec/24

Status:	To Do

Description

Description:
After clicking the "Shop Now" button on the homepage, the user is redirected to a page with a message that the website is unavailable. The button links to an incorrect URL.

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- None

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Click the "Shop Now" button

Actual Result:
The user is redirected to a page with the incorrect URL http://./product-category/most-

[wanted/](https://skleptest.pl/product-category/most-wanted/) and receives a message stating that the site is unavailable. The issue occurs regardless of the web browser.

Expected Result:
The user should be redirected to the "Most Wanted" section at the URL https://skleptest.pl/product-category/most-wanted/ .

[ST-8] Buttons Responsible for Scrolling the Product List Are Not Working

Description

Description:
The buttons responsible for scrolling the product list in the "All Black Tops" section are not working, and the product list does not respond to user commands.

Environment:
PC Computer

- Processor: i7 3.7 GHz
- RAM: 32 GB
- Operating System: Windows 11
- Network: Wi-Fi

Prerequisites:

- None

Steps to Reproduce:

1. Open the website https://skleptest.pl/
2. Click the buttons responsible for scrolling the product list in the "All Black Tops" product section

Actual Result:
The product list does not respond to user commands, and the buttons do not work. The issue occurs regardless of the web browser.

Expected Result:
The products should scroll smoothly and seamlessly in the direction chosen by the user.
